

American Littoral Society Shore Stewards The 10 Guidelines for Shoreline Living

1. Conserve water and prevent runoff
2. Use low maintenance native plants
3. Limit use of fertilizers and pesticides
4. Plant a buffer between your yard and the river
5. Replace lawn with perennials
6. Join in community conservation programs
7. Strive to create habitats friendly to wildlife
8. Maintain sewage waste systems
9. Respect all intertidal life
10. Perform shoreline development according to rules
